

**An Important Message from
The Texas Health and Human Services Commission (HHSC)**

**Required Compliance with FDA Cybersecurity Guidance for Medical
Devices**

Background:

On Jan. 30, 2025, the U.S. Federal Drug Administration issued a [notice identifying cybersecurity vulnerabilities](#) with certain medical devices.

HHSC is directing all health care facilities to review, understand, and mitigate the risks of unauthorized actors remotely accessing protected health information, including through medical devices.

Read more on [HHSC guidance here \(PDF\)](#).

If you have questions, [email MDRT Helpdesk](#)
