

**An Important Message from
The Texas Health and Human Services Commission (HHSC)**

**Updates to the STAR PLUS LTSS Billing Matrices due
to PDPM LTC Implementation**

Key Details:

Beginning September 1, 2025, the Texas Health and Human Services Commission (HHSC) will implement updates to the billing matrix for Long-Term Services and Supports (LTSS) provided through the STAR+PLUS Home and Community Based Services (HCBS) program.

These changes support the transition to the Patient-Driven Payment Model for Long-term Care (PDPM LTC), a new nursing facility reimbursement model that applies to members in STAR+PLUS HCBS. The revised LTSS billing matrix includes new procedure codes and modifiers for assisted living and respite care services.

UnitedHealthcare Community Plan of Texas will process claims for members with a PDPM LTC level using the new procedure codes and modifiers for services delivered on or after September 1, 2025.

Provider Responsibilities:

Providers must submit claims for STAR+PLUS LTSS services using the appropriate codes and modifiers on the date of service. Providers must also:

- Review the updated to the long-term services and supports (LTSS) billing matrices and use the new procedure codes and modifiers when submitting prior authorizations and claims;
- Adjust prior authorizations to align with the revised the revised LTSS billing codes;
- Update internal systems and billing processes to reflect the transition from RUG to PDPM LTC billing requirements;
- Follow updated procedures to avoid Electronic Visit Verification (EVV) issues and prevent claim rejections related to the new billing codes and modifiers;
- Ensure that staff responsible for claims and billing are trained on the new LTSS billing matrix;

If a provider submits a claim with the wrong codes for services rendered on or after September 1, 2025:

- The claim may be denied due to the use of retired codes or modifiers; and
- Providers must resubmit the claim using the appropriate codes from the updated billing matrix.

Key LTSS Billing Matrix Updates:

Changes to the LTSS Billing Matrix as part of PDPM LTC implementation are as follows:

a. Modifier Changes:

Modifier U2: added to levels 1 and 3-6 for:

- Assisted Living Apartment (Single Occupancy); and
- Respite Care-Assisted Living (Non-Apartment).

Modifier U3: added to levels 1-2 and 4-6 for:

- Assisted Living (Non-Apartment);
- Assisted Living Apartment (Double Occupancy); and
- Respite Care-Assisted Living Apartment (Double Occupancy).

Modifier U4: added to levels 1-3 and 5-6 for:

- Respite Care-Assisted Living Apartment (Single Occupancy).

Modifier UB: added to:

- Level 3 for Assisted Living (Non-Apartment); and
- Level 2 for Respite Care-Assisted Living (Non-Apartment).

Modifier UA: added to:

- Level 2 for Assisted Living (Single Occupancy);
- Level 3 for Assisted Living (Double Occupancy);
- Level 3 for Respite Care-Assisted Living (Double Occupancy); and
- Level 4 for Respite Care-Assisted Living (Single Occupancy).

b. PDPM LTC Service Category Mapping

The updated STAR+PLUS LTSS Billing Matrices introduce the following PDPM LTC service categories that will be used for members with a PDPM LTC level utilizing AL and respite services.

These categories align with the PDPM LTC level that correlates with the results of a member's MN/LOC assessment:

- AL and Respite Level 1: E1Y, E2Y, E3Y, E1X, E2X, E3X
- AL and Respite Level 2: H1Y, H2Y, H3Y, H1X, H2X, H3X
- AL and Respite Level 3: C1Y, C2Y, C3Y, C1X, C2X, C3X
