**Semi-annual Medicaid Preferred Drug List Update Scheduled For July
28, 2025**

Texas Medicaid will publish the semi-annual Medicaid [Preferred Drug List](#) (PDL) update on July 28, 2025. We made the PDL changes based on recommendations from the January and April 2025 Texas [Drug Utilization Review Board](#) meetings. The January PDL decisions and April PDL recommendations are available. We will publish the new PDL and the PDL Criteria Guide, which outlines the criteria used to evaluate the non-preferred prior authorization requests, by July 21, 2025.
