

**An Important Message from  
The Texas Health and Human Services Commission (HHSC)**

**Temporary Non-preferred Drug Status to Start Sept. 1, 2025**

On Sept. 1, 2025, VDP will begin identifying some drugs with [temporary non-preferred](#) status. These are new-to-market drugs available on the Medicaid formulary but that have not yet been reviewed by the Texas Drug Utilization Review Board for a preferred drug list status, either preferred or non-preferred. Refer to the [Vendor Drug Program website](#) for more information.
