

# Prior authorization crosswalk table

Effective for dates of service on or after April 1, 2024

Use the following table when you have an approved prior authorization for treating a UnitedHealthcare member and need to provide an additional or different service. For more information about how to use this table, see our [prior authorization crosswalk information sheet](#).

## Applicable codes

The procedure and/or diagnosis codes in the table are provided for reference purposes only and may not be all-inclusive. The listing of a code does not imply that the service described by the code is a covered or non-covered health service. Benefit coverage for health services is determined by the member-specific benefit plan document and applicable laws that may require coverage for a specific service. The inclusion of a code does not imply any right to reimbursement or guarantee claim payment. Other policies and guidelines may apply.

See the [Advance Notification and Clinical Submission Requirements](#) for a list of state or product-specific prior authorization requirements.
