Procedure codes with reduced prior authorization requirements for UnitedHealthcare Individual Exchange plans

Effective Dec. 1, 2026

We no longer require prior authorization for certain services when provided to members younger than 18 years of age. We do still encourage advance notification for some codes to help members younger than 18 connect to care management services for some conditions.

For plan-specific exceptions, continue to verify requirements through the **Prior Authorization and Advance Notification tool** on the **UnitedHealthcare Provider Portal**.
